SPANISH COURSE

SUMMER

2025

Intensive Summer Programme

Spanish as a Foreign Language

This course is aimed at students who would like to begin and improve their knowledge of the Spanish language and culture with a communicative approach adapted to the specifications of the Common Framework of Reference for Languages. The methodology is based on learning by doing.

It is designed for students coming **from June to September for at least two weeks** and who want to make faster progress in learning the Spanish language and culture and can go to class every day from Monday to Friday for at least 3 hours a day.

In addition to **the basic timetable from 9:30 a.m. to 12:30 p.m.**, the course programme also includes **optional classes from 12:30 to 1:30 p.m.** to learn about the Spanish and Valencian language and culture, as well as classes that focus on conversation, vocabulary or practising writing and speaking skills in Spanish held in our classrooms at the centre.

The University of Valencia Language Centre will also offer different **social activities in the afternoon** every week that take advantage of the city's cultural programme to offer students the opportunity to practise Spanish together with their classmates and teachers.

Timetable of basic + optional classes

Mornings

Classes	Times	Number	Content
Basic Spanish as a Foreign Language	9:00 – 11:00 a.m.	3 hours	CEFR level Spanish class Ed. Difusión coursebook
	Break		
	11:30 - 12:30 a.m.		
+ Extra skills	12:30 – 1:30 p.m.	1 hour	Listening, reading, speaking, and writing practice classes

15 or 20 real hours per week with outdoor classes + social activities

Each student will have **one course tutor per level** with whom tutorials can be arranged. In addition, it is possible to directly connect to the tutor and course from home through access to the **Virtual Classroom of the University of Valencia** and students who wish to do so will be able to receive more exercises and work.

Classes take place **from Monday to Friday** in the University of Valencia Language Centre building. Every other Friday, trips to emblematic places in the city will be organised with students in order to carry out **language challenges and practise Spanish** outside of class according to the students' level and monitored by their course tutor.

Once or twice a week there will be **social activities, cultural visits, and activities** for students to use the language with classmates and teachers in real situations.

Materials:

- Coursebook: Aula Plus Internacional, Ed. Difusión + online license
- Virtual Classroom of the University of Valencia (developed from Moodle 4.0)
- Own materials and personal tutor during the entire trimester.

Course programme and progress to the next level

The **admission of new students will be made every Monday** considering the level requested in the registration and the technical recommendation of the Spanish area. If you have doubts about the group where to join optionally, you can take a complementary level test on the same Monday.

You will enter a course of the appropriate level for the student. This course may have started the contents of the corresponding manual weeks ago (except in the A1 absolute beginners groups). Students who enter a level and are at the end of the contents of the manual will continue to study at the same level without moving on to the next level until they can successfully pass the exam at the level they are at.

Whenever a student wants to be promoted to a higher level, they can take an **exam on Friday that proves that they could start in a group of a higher CEFR level**. It is recommended to complete most of the content and follow the advice of the Spanish teacher and coordinator when requesting the exam and promoting to the next level.

Accommodation at the Colegio Mayor Rector Peset UV

The Colegio Mayor Rector Peset of the University of Valencia is located **in the historic centre of the city**. It is a residence for teachers and students that promotes the human, cultural and scientific training of its residents. It is located in a stately residence in the city, Palacio de Martínez Vallejo (18th century), which housed the School of Teaching until 1961. Later, in 1997, it was rehabilitated and adapted to its new university function. Some elements of interest have been preserved, such as a section of the Arab wall (11th century), the Miramar Tower (18th century), and the vault with a lantern dome (19th century) that crowns the main staircase. We can also see the mural painting "The impossible visit of Juan Peset" by Damián Flores made in 2007 on the occasion of the tenth anniversary of the School.

The Student Residence Rector Peset is managed directly by the University of Valencia and has 137 places for students in double and single rooms on full board; 92 places for teachers and researchers in double and single rooms, with en-suite bathrooms, and in any accommodation regime they wish.

The main advantage of living with a family is that the student is forced to speak Spanish all the time outside of class, they improve with daily conversation in a natural way and being closer to the customs, culture and lifestyle of the Spanish people.

Families offer the warmth of home, companionship, and conversation. They like to receive foreign students and are very hospitable. The student receives care in a relaxed and friendly environment.

Some families have children, others don't. Some have animals, others don't. Some spend much of their time with students, others allow students to explore more on their own. We have families to meet the needs of every type of student.
